

# Your EMR Engagement Journey

Engagement activities are an essential way for you to grow your confidence and familiarity with the EMR:

- 1 Attend EMR interactives in your wards and work areas to see the EMR in action on EMR devices and ask lots of questions.
- 2 Participate in EMR Ward Walkthroughs and practise your new workflows, with devices, in the workplace setting with EMR subject matter experts and Super Users.
- 3 Book a targeted presentation at ward, Governance or other regularly scheduled meetings.
- 4 All managers are invited to Frontline Manager Sessions to learn how to support your team throughout implementation of the EMR.
- 5 Logon events will consist of 'pop-ups' where everyone can ensure their logon details work and they are assigned correctly within the EMR, (two weeks prior to Go-Live).
- 6 Favourites Fairs will give doctors the opportunity to set up their favourite order sets and logon details in pre-booked or drop-in sessions at EMR 'pop-ups', (two weeks prior to Go-Live).

All engagement event details can be found on the EMR website Events page or by invitation.
